When Summer Hits, Math Skills Slip!

Transform Your Child's Summer

Summer is time for fun, but it's also when kids lose up to 3 months of their math skills. Called "the summer slide," this seasonal learning loss can result in lower self-confidence and a lower chance of success in school in the fall. In only 2-3 sessions per week at Mathnasium, your child can avoid the summer slide and start the school year strong. Kids love our face-to-face instruction and fun activities. And Mathnasium fits with almost any schedule.

Keep your child from backsliding this summer!
